Enjoy one last hurrah of exiting racing competition with
good friends, before Winter & the Building Season take over.

With entries limited to Silver and Bronze classes (No Gold),
pilots have a rare opportunity to test their skills against many
of the best pilots often found outside of their "usual"
competitive group.

Prove you have what it takes to take home the cash,
the awards, & earn major bragging rights, in our only
Elimination-style, 1-day race event of the season.
