Presidents Message

Hello fellow flyers.

This was the coolest July I can remember. Mild temperatures, light winds and great flying weather. I see the forecast is for hotter days so remember to bring water to keep hydrated and wear sunscreen and hats.

On July 19th, we hosted our annual Open House at the field. It was a mixed bag with only about 15 guests taking advantage of our hospitality. We did have 13 kids waiting for the ping pong ball drop and were awarded gifts courtesy of RC Country. We had hot dogs with some sides and drinks. Everyone seemed to have enjoyed the experience. This year, it seems that I forgot to place an ad on Facebook as we have done in the past. That is what gives us our high numbers of guests. Hopefully, next year the ad will be remembered. I wish to thank everyone who came out and helped. Again, Thank You, to the pilots who put on exhibition flights, the cooks and all of you who came out to help me.

Our annual Fun Fly and BBQ is scheduled for August 2nd starting at 9:00. Come out and enjoy a day of flying with fun challenges to show off your piloting skills. Also, the BBQ is known far and wide as the best. I'll see you there.

A reminder, make sure to put your AMA card on the board before you begin flying. I know I have been careless as of late so if you see me without an AMA card on the board, make sure to tell me.

That's all for now. See you at the field. Be safe and have fun.

Jeff Montrose

****This Month's Safety Notes from Sergio****

- **Members needs to be wary of anyone who is not a member, but coming in to use our site and are doing things that could jeopardize it. Previously, a non-member launched a rocket at the field and caused a grass fire. *Per the SAM Board, none of the members should be granting permission for non-AMA members to use the site for any type of flight activity. Furthermore, if visitors have AMA, they should be paying day use and be signed in by a member for any flight activity.***
- **Basic Safety issues - *Be considerate and do not fly close to others who are not flying, but are working in the field, on the airfield and/or mowing.* Please fly safely and accordingly.**
- **Old batteries needing to be disposed are to be given to one of the Board members for proper disposal or you take them home and dispose properly. *Do not throw them away in the trash bins at the field.***
- **Please remember to put your AMA card up on the Board prior to flying. Fly with a friend...it's more fun and safer. Reminder: Make sure your AMA for 2025 is current and up to date.**
- **A friendly reminder, *No Flying Over the Pit Area.***
- **Those with Electric Planes, please arm your planes on the startup tables instead of the benches or on the starting line and NOT under the enclosure.**
- **Please note: There is an extreme need for communication on the flight line. *There have been a couple close calls due to lack of communication. Coming out, landing and crossing the runway should be called out anytime more than one pilot is on the flight line.***

DO YOU HAVE A VALID AMA CARD?

Remember: Our By-Laws and the County of Sacramento require a current AMA Card to fly at the S.A.M. site. Also did you know that your current status as a **member requires a valid AMA card?** If you do not have a current AMA Card in your possession or proof in the form of a fax or e-mail from AMA, **do not fly**. If you fly without AMA membership, you will be in violation of our rules and may be suspended from flying at the S.A.M. site. Contact the AMA at 1-800-435-9262 for membership when paying via credit card.
