Presidents Message

Hello fellow flyers.

What a strange month. We had wind, cold temps and 100 degree days. It seems the weather can't make up it's mind. That being said, make sure to hydrate this summer with plenty of water.

As I write this the big mow and gravel delivery ended today. On Friday, we had 115 tons of gravel delivered to fill in the parking lot and some other areas as we had some left. Mike Janseen brought his skid steer with a bucket and mower attachments. Along with Steve Nickerson they did a great job of mowing the field on Friday, getting most of it done. Then Mike spread out the gravel to smooth out the parking lot. Mike did a great job on both projects sitting in the skid steer over 6 hours and taking only a short lunch break. Then on Saturday, Steve finished the rest of the mow. Then, Brent Jensen took over driving duties and began moving the extra gravel where it could do the most good. Also on Saturday, several members came out with weed eaters to make the entry road look great. Overall, the field looks amazing!! I wish to thank all the volunteers who gave up their time and used their machinery in an effort to make our field the "best in the west!" Thanks Guys!!

On June 21 and 22, our club will be hosting the Turn and Burn Warbird Pylon Race at the field. This is the second in the SAM Warbird Racing Series for total

points on the year. This should be a great race with pilots coming from all over to compete in the 3 classes. Come on out and see pylon racing at its finest.

If you haven't renewed your membership yet, now is the time to do so. The weather is getting better and the flying season is starting up. See Steve Brown to get the information you need.

Please remember with the new gravel you should drive slowly in the parking lot. Those little rocks need some time to settle in and compact. Also, they are loose and could be kicked up into a fellow flyer's windshield.

That's all for now. See you at the field. Be safe and have fun.

Jeff Montrose

****This Month's Safety Notes from Sergio****

- **Members needs to be wary of anyone who is not a member, but coming in to use our site and are doing things that could jeopardize it. Previously, a non-member launched a rocket at the field and caused a grass fire. *Per the SAM Board, none of the members should be granting permission for non-AMA members to use the site for any type of flight activity. Furthermore, if visitors have AMA, they should be paying day use and be signed in by a member for any flight activity.***
- **Basic Safety issues - *Be considerate and do not fly close to others who are not flying, but are working in the field, on the airfield and/or mowing.* Please fly safely and accordingly.**
- **Old batteries needing to be disposed are to be given to one of the Board members for proper disposal or you take them home and dispose properly. *Do not throw them away in the trash bins at the field.***
- **Please remember to put your AMA card up on the Board prior to flying. Fly with a friend...it's more fun and safer. Reminder: Make sure your AMA for 2025 is current and up to date.**
- **A friendly reminder, *No Flying Over the Pit Area.***
- **Those with Electric Planes, please arm your planes on the startup tables instead of the benches or on the starting line and NOT under the enclosure.**
- **Please note: There is an extreme need for communication on the flight line. There have been a couple close calls due to lack of communication. Coming out, landing and crossing the runway should be called out anytime more than one pilot is on the flight line.**

DO YOU HAVE A VALID AMA CARD?

Remember: Our By-Laws and the County of Sacramento require a current AMA Card to fly at the S.A.M. site. Also did you know that your current status as a **member requires a valid AMA card?** If you do not have a current AMA Card in your possession or proof in the form of a fax or e-mail from AMA, **do not fly.** If you fly without AMA membership, you will be in violation of our rules and may be suspended from flying at the S.A.M. site. Contact the AMA at 1-800-435-9262 for membership when paying via credit card.

The Big Mow

Message from Brent Jensen / S.A.M. Field Marshal

We got a lot done the past two day! We completed The Big Mow, and had 112 tons of gravel delivered and spread in the parking lot. Thanks to all who helped, and a special thanks to club members Steve Nickerson, and Michael Janssen. Who volunteered their equipment to make the previously mentioned work go much better than expected!

Don Attwood Pattern Contest Results

The 2025 Don Atwood Pattern Contest was flown on May 17. While we had a small group, we had a great time.

The day started cool, cloudy, and windy. After a bit, the cool and cloudy parts subsided, but it remained windy. We had a north wind, then a cross wind, then a south wind, but always a good strong wind.

While the group was small, we did have a couple of special guests. Shawn and Virginia Berkheimer came down from Oregon, Richard Beldon rejoined us after a couple of years away, and Jon Carter returned as our chief judge. It was great to have this group all together.

In the AMA classes, we had 1 person in Intermediate, 4 in Advanced, and 1 in F3A. After the AMA classes, we ran a Happy Hour event. It's a fun, rowdy mini-contest where we fly Club Class and EDF jets. As always, there was a lot of laughing and smiling involved. It's a great way to try precision aerobatics!
