Presidents Message

Hello fellow flyers.

Well, our summer finally started with temperatures over 100° for several days. It pays to get out early and avoid the heat. Make sure to drink plenty of fluids and wear a hat. Stay cool.

Our field looks great. The grass is looking green because of Art, Stan and Mike fixing the sprinkler heads. We had more than 5 of them not working and over the course of a few days, they got them all sprinkling correctly. Thanks you guys, I appreciate it.

At our September general meeting we will be accepting nominations to the board for next year. There are 5 positions that need to be filled and anyone who has been a member for 2 years can be nominated. The meeting will be on September 21st at 11:00. Looking forward to seeing everyone there.

We had our annual fun fly held at the field last month. Gary Prosser was the MC for this event with Tom Gross doing the cooking honors. It was a blast seeing all of the participants vying for bragging rights after each of the 4 challenges. Even though my voice was out, I had a blast, and everyone I talked to said they had one too.

Make sure you plan to attend next year.

A reminder, make sure to put your AMA card on the board before you begin flying. I haven't seen many hanging up or on your lapel. Steve and I have clip on holders to make it easier for you.

Thanks

That's all for now. See you at the field. Be safe and have fun.

Jeff Montrose

SAM August Board Meeting Minutes

Date: August 12th, 2025

Location: Mountain Mike's Pizza on Bradshaw

Time: 6:42 PM

Board Members

Present: **President:** Jeff Montrose, **Treasurer:** Steve Brown, **Secretary:** Jim Smith, **Field Marshall:** Brent Jensen, **Safety:** Sergio Varo, **Membership:** Steve Nickerson,

Absent: **Events:** Gary Prosser, **Vice President:** Ryan Golden, **Publicity:** Robert Bell

Officer Reports

President: Jeff asked to have Steve N. take over the running of the meeting since Jeff could only whisper. The meeting called to order at 6:42 PM by Steve who then asked for board reports.

Vice President: Ryan, was unable to attend.

Treasurer: Steve Brown, passed out the accounting summary for July. He reported on the numbers and gave updates regarding what is needed to make budget this year. All in all things are moving along nicely.

Membership: Steve Nickerson, provided the current update that there are 115 paid memberships currently with a total of 132 active memberships in total. As a reminder the 2025 dues/budget was based upon 121 paid memberships for the 2025 calendar year.

Safety Officer: Sergio, is making some labels for the fire extinguishers to highlight the locations where they are hanging up at the site.

Events Director: Gary, spoke about the fun fly and that those who attended. Many enjoyed the fun and food.

Publicity Director: Robert was unable to attend.

Field Marshall: Brent, spoke regarding cutting down one additional garbage can from a metal drum.

Secretary: Jim had nothing to report.

Motions:

New Business: N/A

Old Business: N/A

Meeting adjourned at 6:58 PM

Jim Smith (Secretary)

****This Month's Safety Notes from Sergio****

- **Members needs to be wary of anyone who is not a member, but coming in to use our site and are doing things that could jeopardize it. Previously, a non-member launched a rocket at the field and caused a grass fire. *Per the SAM Board, none of the members should be granting permission for non-AMA members to use the site for any type of flight activity. Furthermore, if visitors have AMA, they should be paying day use and be signed in by a member for any flight activity.***
- **Basic Safety issues - *Be considerate and do not fly close to others who are not flying, but are working in the field, on the airfield and/or mowing.* Please fly safely and accordingly.**
- **Old batteries needing to be disposed are to be given to one of the Board members for proper disposal or you take them home and dispose properly. *Do not throw them away in the trash bins at the field.***
- **Please remember to put your AMA card up on the Board prior to flying. Fly with a friend...it's more fun and safer. Reminder: Make sure your AMA for 2025 is current and up to date.**
- **A friendly reminder, *No Flying Over the Pit Area.***
- **Those with Electric Planes, please arm your planes on the startup tables instead of the benches or on the starting line and NOT under the enclosure.**
- **Please note: There is an extreme need for communication on the flight line. *There have been a couple close calls due to lack of communication. Coming out, landing and crossing the runway should be called out anytime more than one pilot is on the flight line***

DO YOU HAVE A VALID AMA CARD?

Remember: Our By-Laws and the County of Sacramento require a current AMA Card to fly at the S.A.M. site. Also did you know that your current status as a **member requires a valid AMA card?** If you do not have a current AMA Card in your possession or proof in the form of a fax or e-mail from AMA, **do not fly.** If you fly without AMA membership, you will be in violation of our rules and may be suspended from flying at the S.A.M. site. Contact the AMA at 1-800-435-9262 for membership when paying via credit card.

S.A.M.-Antics SUBMITTALS

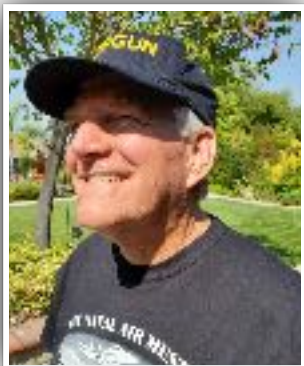

Deadline for submissions to the S.A.M. Antics is the 28th of each month. Please send articles as Word text or as text in an email to the Newsletter Editor, at specialkidsteacher@comcast.net. Submittals may be edited for content and length.

FLIGHT INSTRUCTORS

Are you new to R/C flying? Or perhaps you need to brush up or even just want to talk with one of our "Pro's." S.A.M.'s corps of Flight Instructors stand ready to help you. You will usually find at least one of them at the flying site on Tuesdays or Fridays.

You may call **Jim Lichtenberg** our Flight Instructor Coordinator at **916-718-4979 cell** or e-mail at rcflyer999@comcast.net and he will arrange for the assistance you need. If **Jim** is not available, you can contact the Assistant Flight Instructor Coordinator, **Ron Davies** at **916-682-7902**. Or you can call our Flight Instructors directly

SACRAMENTO AREA MODELERS, INC.

Academy of Model Aeronautics

Charter Number 1822

MEMBERSHIP APPLICATION

Through the joint effort of many local radio-controlled model airplane fliers, 30 acres of open land has been leased since 1982 from the County of Sacramento for our exclusive use of Model Aircraft, with the right to fly over the remaining 330 acres. The 40 by 400 foot runway and the covered 30 by 260 foot pit area are completed with a beautiful asphalt surface. The address is 11000 Florin Road, one mile east of Excelsior Road, and two miles west of Sunrise Blvd.

There are four types of paid membership available:

OPEN MEMBER: Any member, age 18 or over not listed under one of the below categories. Only open Members have voting privileges. **Membership in the AMA is required.**

COST: \$100.00 New Member Fee, First year annual dues are \$150.00. We would appreciate payment in full for the New Member Fee. However **First Time Members:** Dues will be prorated at a rate of \$12.50 per month after February 28. Dues period is January 31st through January 31st the following year.

FAMILY MEMBER/JUNIOR MEMBER: Spouse of an OPEN MEMBER and/or children under the age of 19. COSTS: Spouse, \$10.00 annual dues, and No New Member Fee. FAMILY MEMBERS OR JUNIOR MEMBERS under 19 years of age, Initiation fee is deferred until member reaches 19 years of age. No annual dues until member reaches 19 years of age, then the initiation fee is the same as OPEN MEMBER. Dues **will not** be prorated. No Voting Privileges.

BUSINESS MEMBER: A Member who's Business may pose a conflict of interest with SAM activities.

Business members have no voting privileges and may not hold elected Office. Dues and Fees are same as Open member.

Fees are non-refundable. To qualify for Membership, you must have a current **Academy of Model Aeronautics (AMA) card in your possession.** Membership in AMA provides both you and the site with liability insurance, which is a requirement of The County of Sacramento and the by-laws of the Sacramento Area Modelers, a "Dispute Resolution Agreement Form" must be submitted with your Membership application.

S.A.M. meetings are held with place, time and posted. The news letters is available on the Sacramento Area Modelers (www.sacramentoareamodelers.com) website monthly to all current members. Flight Instruction and training are available for fliers from beginners to expert.

CUT OFF AND MAIL TO S.A.M., P.O. BOX 292441, SACRAMENTO, CA. 95829

Please make checks payable to: Sacramento Area Modelers.

\$35 per person; 3 food options, 2 salad dressing options
and 2 options of ice cream.
See, text or call Ryan Golden @ 1-916-561-9606

Tips from Andy

These small break away knife blades, make cutting film covering a pleasure.

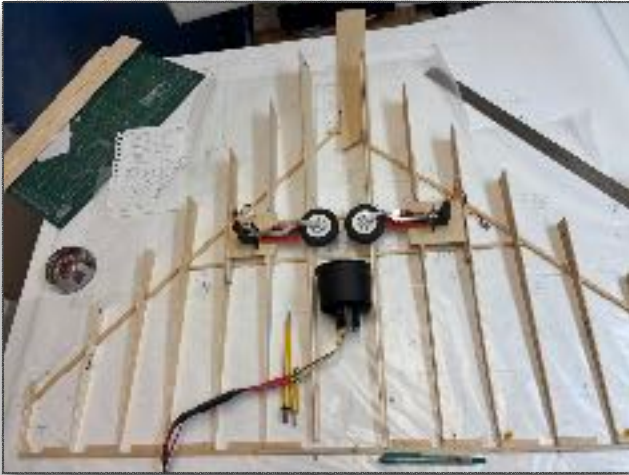

After the very sharp blades cut a few pieces, break 3/16" off and continue cutting with a very sharp blade.

79 cents at Harbor Freight, around a buck at RCC.

They come in colors, easy to find on tour bench.

Glass cutting board works great to create clean cuts.

Andy's Latest is an XQ-58 Drone

Drew the wing plan for XQ.

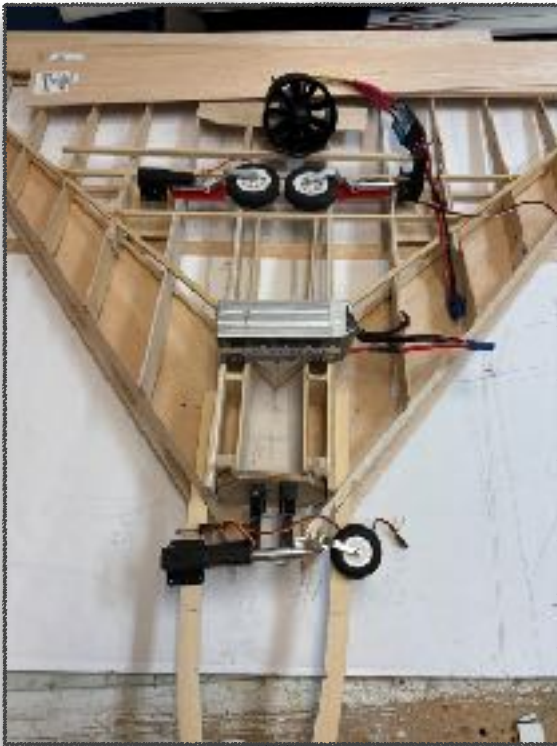

#1 rib not glued yet.

Need to make EDF mount, small pic on green cutting board, and then position #1 ribs to allow fan mount fore / aft 2" movement to help CG.

Battery will have about 2" CG movement too.

Building top side down.

Wheel wells open to EDF for adequate air, wheels down.

First CG check.

First guesstimate works with limits of 6S limits and EDF limits.

Can fully sheet the wing, no cap strips.

Battery box under 6S in photo and has 4" more travel forward.

EDF hatch/nacelle should balance nose and NLG wheel well.

RX just fwd of wheels at CG.

ESC on top of wing in nacelle side, lots of air.

What a relief this step brings.

Retracts in.

Nose framed up.

Plastic bowl helps me visualize nacelle over EDF and tailpipe.

Wikipedia reveals vertical stab details.

D-tubes covered.
(Spars, leading edge, and sheeting).
This is the main strength of the wing.

When dry I can round the leading edge.

You can see the shape of the nose by the conspicuous next sheeting project.

Nose coming together. Murphy wasn't looking so it is straight.

XQ-58 Drone build feels strange, no canopy or cabin.

Wing top, smooth, refreshing.

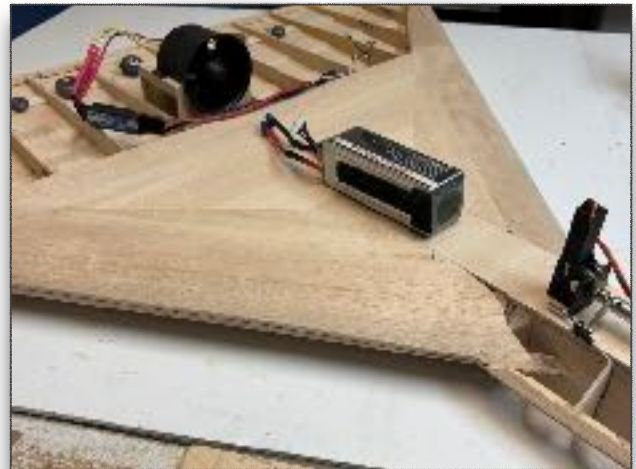

Lite ply EDF mount next, and duct to aft exit.

Then Nacelle concept, design, layout, build, fit, and finish.

With ballast added to the tail equivalent to six servos, twin V stabs, ailerons and elevators, and sheeting, the battery has 3 1/2" of travel space forward available.

GG SWAG (scientific wild ass guess) is working.

EDF mount has some travel available too. This working EDF mount will have lots of opportunity for strengthening. Planned to have wiggle room by making 6S and Fan position flexible.

Someone may want to design and build a plane they like, but can't find a foamy or a kit.

This is where the nacelle curves come from.

Wisdom from the WSJ.
Best edition today I have ever seen.

Trade is not a byproduct of greatness, but its foundation.

Best stress relief: helping or serving others. 😊

This pic goes near the front. It is the inspiration, and the trigger to the starting gun. Smith could help with continuity of pics and text.

Engineering a tail and planning servos and linkage.

Planes need stickers and numbers. Found adequate application from a Motion RC F-16. This photo could go with Part-2, finishing.

Another earlier photo, plan and build in retracts from the free table.

Too many pics is better than not enough.

**Great Job Andy! Can't wait to see....
More to Come in October's Newsletter! Can't wait to see it flying!**

The Back Page

If you are doing anything (constructing a plane, have recent photos you've taken from Events, just out practicing or have found photos and/or information historically interesting), I encourage you to forward it to my email below, the Event CD or any Board Member. I'd love to put it in the newsletter. Thank you to those who do share so others can enjoy.

specialkidsteacher@comcast.net

For those who don't know, JR Shiager keeps the S.A.M. website updated with photos, events, past newsletters, etc.

If you are looking for (i.e., airplane parts, websites to make purchases, etc. or have a plane or parts to sell), please let Steve Brown know at our S.A.M. Club and I would be glad to include in our newsletter. You may also email me at specialkidsteacher@comcast.net and I will add to this section.

WANTED to Purchase

I would like to purchase another one of those F2G Super Corsairs from Roc Hobbies. If anyone has one or knows someone who is interested in selling one, **please call or text Martin at 916-204-4128 or email at martintheaircraft-mech@ymail.com**

WTB: FMS ROC HOBBIES F2G SUPER CORSAIR 1.1 MM. ANY CONDITION, NEW IN THE BOX TO A CRASH. WILL CONSIDER ANY MODEL.
Thanks very much. Martin

LOST and FOUND.....

If you have lost something at the SAM field or found something that may belong to someone else, please give it to Steve Brown or any other board member and it can be posted in this section.
